Meeting with Finance Committee

MATTAPOISETT SELECTMEN'S MEETING
MARCH 31, 1992-by BRIAN KEENE

Selectmen met Tuesday night with members of the Finance Committee in an effort to iron out budget figures for the upcoming fiscal year. Both committee members and selectmen feel that it is vital to have a presentable budget prior to the May 18th Annual Town Meeting. "It is important that we are all in accord here", said Selectman Daniel O. Mahoney, echoing the board's

desire to work closely with the Finance Committee in the presentation of the rather dismal budget outline.

In past years the heads of the various town departments have calculated their budget proposals by adding 2½% to the previous year's figure. Monies needed above this amount would have to be requested from the voters through an override. According to finance committee members, however, the formula will no longer work. In a year when very few departments actually came in with level funded budget numbers, it seems likely that departments will actually have to reduce the level funded figure by an additional 4½%. This should mean some tough choices for everyone, especially the voters of Mattapoisett who will ultimately have to decide which, if any, of the overrides on the upcoming Town Meeting Warrant they will approve.

Selectmen have asked the Finance Committee to meet with each of the department heads one more time to re-evaluate each component of the $7,464,452 1993 fiscal year's budget. It seems certain, however, that each department will have to either consider override proposals to meet their numbers or be faced with potential salary freezes, material shortages, or layoffs.

In other business, Selectmen:

MET WITH the residents of the proposed Harvey Orchard Lane to approve the layout of the road as presented to the board. Despite the approval of the selectmen this is only the first step. The layout of the proposed road will ultimately have to be approved by Town Meeting.

Tonneson of 25 Tinkham Lane expressing concern over health problems that she and her neighbors appear to be experiencing. She has requested that testing be done to determine whether or not the water in the area is safe. Selectmen referred the matter to the Water Department, which will investigate.

MET WITH Highway Department Supervisor Wesley Bowman to discuss his ongoing repairs to the wharf. Several forms that he set up were washed away by a recent storm, but they were put back up and the work is continuing as expected. Mr. Bowman also noted that he was approached by the Y.M.C.A. about grading the dirt part of Reservation Road and putting down crushed asphalt. The Y would be willing to pay for the materials if the town did the work. Selectmen agreed to go ahead, noting that the improved condition of the road would benefit bathers and shellfishermen at Shining Tides as well as the Y camp.

RECEIVED A LETTER from the office of State Senator Erving H. Wall showing preliminary state aid figures to Mattapoisett. The town should receive $105,854 in Educational Aid, $52,746 in General Revenue Sharing and $189,722 in Lottery Aid.

The League works very hard to keep the Directory addresses current but it needs the cooperation of the public in letting the publishing committee, headed by Claire and John Russell, know of any changes. This year is complicated by the fact that the U.S. Post Office has become much more insistent that box holders have their P.O. Box number included in their address if their mail is to be delivered.

Send your address and phone number, exactly as you wish them to be listed, immediately, to the LWV Telephone Directory, 42 Stoney Run Lane, Marion, MA 02738, or phone 748-2542 and every effort will be made to include all the information given.

Open Letter to Mattapoisett

PLEASE GIVE US YOUR THOUGHTS
ON OPENING THE TOWN BEACH

Last year Mattapoisett voters rejected an override question to fully fund the Town Beach. Through the creative work of the Selectmen, minimal funding was found to open the bathrooms and provide for supervision of the parking area. There were no lifeguards, swimming lessons, floats or changing facilities. Those who had no other place to swim endured the unsupervised conditions and wondered why it had to be so. It doesn't.

The Selectmen and Finance Committee know that another override probably would not pass and we will not propose one this year. However, knowing how important the Town Beach is to so many year round and summer residents, it has been suggested that many beachgoing families -- not to mention many out-of-town visitors - would be willing to pay reasonable fees if it would mean that we could reopen the beach with full bath-

house facilities and lifeguards.

The proposition is fairly simple. At Town Meeting, residents would be asked to support the creation of a revolving fund. John Shockro, our dedicated and tireless Recreation Director, has presented a preliminary budget of $12,550 that would bring back lifeguard and attendant services and provide for basic maintenance and supplies to reopen the beach. The Finance Committee, with the conditional support of the Selectmen, has proposed that we fund this budget through a combination of seasonal subscriptions by beachgoing families and individuals and daily usage fees charged to anyone not paying a seasonal fee. Everyone going through the beach gate during regular hours would pay. The beach would be self-supporting. No tax money. No override.

On Wednesday, April 1st, I met with Selectman John DeCosta and Recreation Director John Shockro at Town Hall to discuss this proposal for the Town Beach. We agreed that if the Town Beach proposition was to receive fair consideration, an advisory committee should be formed immediately and that we should attempt to gauge whether there was enough support for the idea of paying for reopening the beach through other fees.

I am writing this open letter to the citizens of Mattapoisett to solicit your immediate input on these issues:

Would your family be willing to pay this summer to swim at the Town Beach? If so, how much is a fully functioning, safe,

clean beach worth to you? Is $40. or $50. per season per family too much? Is $1.00 per walk-on per day an unreasonable fee for those who don't choose to pay a fee? Should we do nothing? Do you have other ideas or comments that we should consider?

I would greatly appreciate it if you would make your feelings known by writing or calling John DeCosta, John Shockro or me either through Town Hall or at home in the next few days.

We will hold a special meeting at Town Hall very soon to decide how to proceed on these questions before the warrant closes for our Annual Town Meeting which is scheduled for Monday, May 18th.

for a night time performance. Stoughton's Junior High Band placed third and also received a certificate of excellence.

Judges commented on how well the band played together, stressing that their good intonation was due to the fact that members were listening closely to one another. Judges also commented on how well rehearsed and well disciplined the band was. Individual compliments on specific soloists included Ben Mahoney, trumpet; Kerrie O'Donnell, keyboard; William Bender, trombone; Shawn Hanks, tenor saxophone; Jillian Mitchell, alto saxophone; and Gregory Hickey, trumpet. Also complimented were keyboard bassist Kathryn Upton and drummers Trevor Francis, Alex Wilkins, and Peter Dahill.

The band returned at night to hear jazz giants Clark Terry and Phil Woods perform as well as listen to the top two bands in the junior high division.

On March 20th the jazz band performed for the Massachusetts Chapter of the Music Educators National Conference at the annual All State weekend. This is the second year in a row that the band has performed for All State. Once again musical groups chosen to perform at this prestigious event were picked by tapes that had been sent in by schools, and Old Hammondtown was picked

This year the performance was given in the Ballroom of the Hotel Vista located in Waltham and was attended by Music Educators from Massachusetts high schools, junior high schools, elementary schools, and colleges as well as professional musicians and music show owners.

The band performed a 20 minute show and was treated to thunderous rounds of applause and a standing ovation at the conclusion of their program. Steve Bell, a Rockland music teacher and MC for the afternoon, awarded the band a certificate for outstanding performance from the All State MENC Conference, and praised the band, school, and Mr. Ellis for their afternoon contributions.

Acushnet Historical Commission

HISTORICAL SIGN DEDICATION
LAURA KEENE FARMHOUSE

The Acushnet Historical Commission will dedicate a historical sign marking the location of the Laura Keene Farmhouse (later to be the site of the studio of the famous artist William Bradford) on Tuesday, April 14th, at 4 p.m.

The date is especially fitting, since it marks the anniversary of the assassination of Abraham Lincoln. The President had attended a performance of Laura Keene's "Our American Cousin" when he was shot by John Wilkes Booth. Miss Keene left the stage for Lincoln's box, and comforted the dying president until he was taken away to a nearby house, where he died the next morning.

Miss Keene, on the point of a breakdown, bought the 120-acre property in Acushnet and there sought seclusion. The Farmhouse, situated at what is today 59 South Main Street, was built for the famous English actress/impressario in 1865.

Some years later, the property was purchased by William Bradford, the well-known Fairhaven/Acushnet painter, who built there, over the waters of the Acushnet River, a small studio where many of his artist friends congregated.

The Farmhouse burned down in 1897.

Zeiterion's Classic Films

The Zeiterion Theatre's Classic Film Series continues with the Buster Keaton classic, "THE NAVIGATOR" on Sunday, April 12th, at 2:00 p.m. This classic silent film is presented with live organ accompaniment provided by world-renowned organist Lee Erwin on the restored Grimshaw-Gudewicz Wurlitzer Theatre organ.

"The Navigator" (1924), directed by Buster Keaton and Donald Crisp, has received rave reviews over the years. The New York Times called it "A Masterpiece", and John D. Eames, The MGM Story, wrote "Considered by many Keaton buffs to be the funniest film he ever made".

"The Navigator", a hilarious comedy, follows the adventures of Keaton and his sweetheart when they are cast adrift on a deserted ocean liner. The ship finally runs aground on a desert island where the couple are chased by cannibals. The film includes an amusing chase around the decks of the vessel between Keaton and his sweetheart before they have discovered each other on board; and Keaton's encounters with the creatures of the ocean including a swordfish and an octopus.

This nautical film-farce stars Buster

Mass. Maritime Open House

Massachusetts Maritime Academy at Buzzards Bay will hold a "Discovery '92" Open House on Saturday, April 11th, beginning at 9:30 a.m. This program will introduce the opportunities of a maritime education and its wide diversity of careers to high school students and community college students. The deadline for pre-registration is April 8th.

The day's agenda will include informational sessions and tours of the 55-acre campus and its facilities, including the deep sea training ship Patriot State, and state-of-the-art simulators. The slow-speed diesel training simulator is the first training device in the country to duplicate the characteristics of a large merchant ship's diesel power facility, while the bridge simulator provides realistic navigation training in the classroom.

Those who visit this affordable state college can also enjoy demonstrations, as well as opportunities to meet with faculty, staff and cadets. Future cadets can choose from existing majors in Marine Engineering, Marine Transportation, Facilities and Plant Engineering. Additionally, a new major in Marine Safety and Environmental Protection - the first of its kind in the country - will be introduced in Fall 1992. Although the cadets live a regimented lifestyle, there is no military obligation.

Cadets are required to participate in annual Winter Sea Term Semester training, a two month, hands-on course which provides Massachusetts Maritime Academy

cadets with a portion of the six months of seagoing experience required by the U.S. Coast Guard. This year cadets traveled to the "Ports of Christopher Columbus" in celebration of the 500th anniversary of his voyage to the New World. During this historic visit to Genoa and Naples, Italy; Barcelona, Spain; and Lisbon, Portugal, the cadets were privileged to receive a private audience with Pope John Paul II in Vatican City.

Upon graduation, Massachusetts Maritime cadets obtain responsible employment in the maritime and related fields. The Academy is proud of its 100% land or sea job placement rate, with average starting salaries ranging from $31,000 to $50,000. In addition, for the sixth year in a row, Massachusetts Maritime is the top maritime academy in the country, as measured by the mandatory, nationwide United States Coast Guard licensing exams.

The Academy produces licensed Merchant Marine Officers for the American maritime industry afloat and ashore, and provides Commissioned Officers for the country's armed forces and Merchant Marine Reserve. Founded in 1891, it is the oldest continuously operating maritime academy in the

NEW COMPUTER EQUIPMENT

Old Colony Regional Vocational-Technical High School has acquired the latest in computer-enhanced equipment for use in the Machine and Tool Technology program.

This equipment includes the series 80-386-25M#1, three computers networking with a plotter and printer. Supporting this network is Tek-Soft Pro CAD/CAM Software.

This package enables students to design parts with an easy-to-use graphics based menu system. Commands to create parts geometrically and tool paths are simply entered by using a mouse on icons. Pull-downs and pop-ups feature an unlimited amount of views, including 2-D and 3-D displays, pan, zoom and rotate commands.

Students will be able to transmit programs from computers to the school's present Computer Numerical Control (CNC) equipment.

Funding for this equipment was obtained through the Perkins Federal Grants program.
